

1036	1616	2010
: Woodstock, unique:2[]: Named after the iconic music festival, his scars on the flank look like someone giving the "peace" sign with their fingers. Plus he was first recorded in 1970, a year after the event.	: Rocket, unique:2[]: The callosity looks like a rocket ship taking over when the photo is flipped upside down	: Prong, unique:2[]: Scar on left head looks a two prong power cord. : Falkor, unique:2[]: Scar on left head looks similar to Falkor, the flying luckdragon character from the Neverending Story.
: Brussel Sprout, unique:2[]: The small callosities coming off the main stem look like brussel sprouts growing : Bowling pin, unique:2[]: The scars on the right flank look like two bowling pins	: Soldier , unique:2[]: The callosity pattern resembles a large gun a soldier may carry : Musket , unique:2[]: The callosity pattern resembles a large gun like a musket	: Socket, unique:2[]: Scar on left head looks like an electrical plug or socket wrench
: Ten-Pin, unique:2[]: For the white scars on the right flank that look like bowling pins used in ten-pin bowling : Bowling , unique:2[]: The scars on the right flank look like pins in bowling	: Moai, unique:2[]: Right side profile of Callosity looks like head with mouth - stone figure from Easter Island.	: Crochet, unique:2[]: For the white scar that resembles a crochet hook
: Headstock, unique:2[]: Callosity shpaed like guitar, bottom looks like headstock of guitar. : Fender, unique:2[]: Callosity looks like a guitar.	: Squid, unique:2[]: Callosity looks like a squid with tentacles hanging down	: Nessie, unique:2[]: Scar on left side looks like Loch ness Monster.

1036	1616	2010
<p>: Tiptoe, unique:2[]: callosity pattern looks like cat or dog paw prints</p> <p>: Pitter Padder, unique:2[]: callosity pattern looks like cat or dog paw prints</p> <p>: Tail Dragger, unique:2[]: looks like cat or dog paw prints with long tail dragging behind</p>	<p>: Hoot, unique:2[]: looks like an owl resting on a branch</p> <p>: Owl, unique:2[]: looks like an owl resting on a branch</p>	<p>: Gandolf, unique:2[]: scaring by left blowhole looks like Galdolf's walking stick and small scar by callosity behind blowhole is Gandolf's head (Gandolf from Lord of the Rings, scene when he says 'You shall not pass')</p>
<p>: Peace, unique:2[]: The flank scar looks like someone flashing the peace sign. There is a whale named "War" that has been seen a handful of times over the years on the same day as 1036. Yin and yang, if you will.</p>	<p>: Chicane, unique:2[]: Extra turns in roads to slow vehicles down (think racing).</p> <p>: Lombard, unique:2[]: Famous curvy street in San Francisco</p> <p>: Switchback, unique:2[]: Trails that curve back & forth on steep inclines.</p>	<p>: Pincher, unique:2[]: Scar by left blowhole looks like someone reaching out to pinch.</p> <p>: Cobra, unique:2[]: Scar by left blowhole looks like a snake about to bite.</p>
<p>: Bowling-pin, unique:2[]: Scars on right flank look like bowling pins being knocked down.</p>	<p>: Ziggy, unique:2[]: Its peninsulas zig zag up the rostrum. And who doesn't want to share a moniker with David Bowie?</p>	<p>: Inigo Montoya, unique:2[]: After the famous Princess Bride character who also bears a slash scar on his face/head.</p> <p>: Drip, unique:2[]: The scar looks like it is dripping from the blowhole.</p>

1036	1616	2010
<p>: Due, unique:2[]: Italian for the number 2, for the two callosities behind the blow holes and two scars close together on the right flank.</p>	<p>: Double or nothing, unique:2[]: double pen and tdecay looks like 2 zeros</p> <p>: Goose Eggs, unique:2[]: tdeacy looks like double goose eggs and the pen left is as big as a goose egg</p>	<p>: Rollerskate, unique:2[]: Scar by left nostril looks like a roller skate on someone's long leg.</p>
<p>: Zigzag, unique:2[]: For the zigzag pattern of the callosity</p> <p>: Victor, unique:2[]: For the V shaped scar on right flank</p>		<p>: Crowbar, unique:2[]: For scar by left blowhole</p>
<p>: Victory, unique:2[]: scar looks like a "V" and he has survived longer than many</p>		<p>: Sabre, unique:2[]: For the scar, which looks a little like a sword with a handle.</p>

1036	1616	2010
		: Stretch Armstrong, unique:2[]: The scar off the left blowhole looks like an arm being streeeetched out, like the toy. Also a nod to the right lip callosity which can grow very large but gets thin toward the back, like it's being stretched to capacity.
		: Horns, unique:2[]: The scar near the blowhole looks like an arm with the hand making the gesture known as the "sign of the horns." In many cultures, this gesture is used to ward off evil, which would be useful for a right whale. "Horns" is shortened from "Sign of the Horns."
		: Floss pick, unique:2[]: The scar looks exactly like those individual floss picks : Chair, unique:2[]: The scar looks like a high-backed chair
		: Smear, unique:2[]: For the scar on L head, looks like smeared snot from blowhole

2340	2413	2510
: Swan, unique:2[]: The white wrapping looks like a swan : Peacock, unique:2[]: The white wrapping could look like a peacock	: Nauset, unique:2[]: After the historic Nauset Lighthouse on Cape Cod, since the bonnet resembles a lighthouse.	: Mitosis, unique:2[]: His bonnet and islands look like the cell division process of mitosis.
: Ascot , unique:2[]: For the white wrapping that looks like a scarf : Bandana , unique:2[]: For the white wrapping that looks like a scarf : Kerchief, unique:2[]: For the white wrapping that looks like a scarf	: Bishop, unique:2[]: The bonnet looks like a bishop on the chess board : Chess, unique:2[]: The bonnet looks like a bishop on the chess board	: Rorschach, unique:2[]: The ink blot test, you see what you want to see
: Fin, unique:2[]: Fin whales have a diagnostic white right jaw, and so does this whale. It's his most distinctive feature when encountered on aerial survey. : Tao, unique:2[]: The pattern of pigmentation at the top of the right side chin wrap looks like the yin-yang symbol, with the white dot on the black side and the black dot in the white side.	: Venus , unique:2[]: The bonnet shape resembles the Venus de Milo sculpture : Figurehead , unique:2[]: The bonnet shape resembles a figurehead on the bow of a boat	: Bijoux , unique:2[]: For the dorsal fluke marks that look like a pearl necklace. Bijoux is jewelry in french. : Cobblestone , unique:2[]: For the dorsal fluke marks that look like a cobblestone pathway
: Blanco, unique:2[]: White Chin	: Liberty, unique:2[]: Outline of Callosity looks like female figure : Male, unique:2[]: Black mark in white Callosity looks like masculine symbol.	: Frowny, unique:2[]: callosity looks like a frown : Splatter, unique:2[]: tail looks like paint splatter marks

2340	2413	2510
: Cygnus, unique:2[]: The white chin on the right side looks like a swan	: Oscar, unique:2[]: Her callosity looks like the academy award	: Connect, unique:2[]: Islands on head joining together. Also, dots along left trailing edge like connect the dots.
: Swan , unique:2[]: white wrapping on chin looks like a swan	: Namaste, unique:2[]: callosity pattern looks like a person doing a yoga pose : Lobster Claw, unique:2[]: looks like Mr. Krabs' claw (from SpongeBob) or a large crustacean claw	: Pebbles, unique:2[]: For the small white scars spread over left dorsal fluke
: Snowdrift, unique:2[]: For the white chin that climbs high up the sides of the mandibles. : Limax, unique:2[]: Right lip callosity + 2 white dots looks like slug w/ antenna. Limax = slug genus.	: Trophy, unique:2[]: Shape of bonnet (looking head on) is like an Oscar/Academy award.	: Sprinkles, unique:2[]: white dots on flukes and light pbh callosities like a light rain : Jimmies, unique:2[]: white dots on flukes are like jimmies on an ice cream cone

2340	2413	2510
: Cygnus, unique:2[]: The white wrapping chin looks like a swan.	: Rio, unique:2[]: Bonnet looks like Christ the Redeemer statue, which is the famous landmark in Rio that overlooks the city. : Beacon, unique:2[]: Bonnet looks like a navigation buoy or a lighthouse, both of which are beacons for vessels (buoy is already taken as a name).	: Middle Fused, unique:2[]: Because he is THE example for a callosity with an island in the middle of the head, and for a callosity with a fused island.
: Cheddar, unique:2[]: That big white chin wrap reminds me of a block of white cheddar cheese.	: Oscar, unique:2[]: I know this is a name, BUT this animal is a female and the bonnet looks like an Academy Award.	
: Lucius, unique:2[]: Derived from the word "light", for the white wrapping.	: Genie, unique:2[]: Her bonnet callosities look like a genie bottle.	

2340	2413	2510
: Spindrif, unique:2[]: The bold chin pattern on both sides of the head resemble a high sea state- spindrif is the "spray blown from cresting waves" which especially reflects the bit of pigmentation floating above the "wave" on the right head.	: Mushroom Anchor, unique:2[]: the bonnet looks like it has a big, heavy weighetr bottom (front) with a narrow piece coming off it : Punching Clown, unique:2[]: Looks like one of those children toys that always bounce back up	
: Wrap, unique:2[]: Wrapping white chin is most distinctive feature : Shawl, unique:2[]: Wrapping white chin is most distinctive feature- you wrap a shawl around ones shoulders	: Namaste, unique:2[]: Bonnet looks like a person sitting cross-legged with their hands at their heart doing yoga : Zen, unique:2[]: Bonnet looks like a person sitting cross-legged with their hands at their heart doing yoga.	
: Eminem, unique:2[]: White [w]rapper! :-)		

3120	3290	3620
: Oakley, unique:2[]: The scaring on the right side of the coaming resembles a revolver. Named after the sharpshooter Annie Oakley.	: Spoon Rest, unique:2[]: Together, the coaming and islands off the coaming look like a spoon rest.	: Tripod, unique:2[]: For the three islands
: Pineapple, unique:2[]: The callosity looks like pineapple	: Spade, unique:2[]: The combing looks like a spade	: Daily 4, unique:2[]: Daily 4 is a Texas lottery. For the 4 PBH callosities and this is Boomerang's Texas calf : Quartet, unique:2[]: For the 4 PBH callosities
: Panini, unique:2[]: The white scars parallel to the combing makes it looks like a sandwich : Hoagie , unique:2[]: The white scars parallel to the combing makes it looks like a sandwich	: Poker , unique:2[]: For the callosity pattern, looks like card suits : Vegas , unique:2[]: For the callosity pattern, looks like card suits and dots on dice : Black Jack , unique:2[]: For the callosity pattern, looks like card suits : Baccarat , unique:2[]: For the callosity pattern, looks like card suits	: Jaba, unique:2[]: Callosity at top of head looks like Jaba the Hut.
: Bikehead, unique:2[]: callosity looks like shape of a big head riding a bicycle : Flowervase, unique:2[]: callosity looks like vase and scars and blowholes look like flowers coming out of the vase	: Spades, unique:2[]: The callosities have the shape of spades	: Prince, unique:2[]: His PBH callosities look like a crown : Crown, unique:2[]: His PBH callosities look like a crown

3120	3290	3620
<p>: Rifle, unique:2[]: Scar under right coaming looks like a rifle.</p> <p>: Marksman, unique:2[]: Scar under right coaming looks like a rifle.</p> <p>: Winchester, unique:2[]: Scar under right coaming looks like a rifle. Winchester is a manufacturing company.</p> <p>: Temple, unique:2[]: Scar by right blowhole looks like a basic temple/pagoda shape.</p>	<p>: Arrow, unique:2[]: Her callosity looks like an arrow</p>	<p>: Nose Picker, unique:2[]: callosity on bonnet shaped like a right hand with index finger pointing to two callosities that resemble nostrils</p> <p>: Peter Pointer, unique:2[]: callosity on bonnet shaped like a right hand with index finger pointing</p> <p>: Pointer, unique:2[]: callosity on bonnet shaped like a right hand with index finger pointing</p>
<p>: Shadow, unique:2[]: The scars around the coaming look like shadows cast by the callosity.</p>	<p>: Spade, unique:2[]: callosity pattern has spade shape</p> <p>: Squidy, unique:2[]: callosity pattern has spade like shape at top and trailing callosity is the mantle of the squid and the blowholes are the legs</p> <p>: Queen of Spades, unique:2[]: Adult female = queen, spade shaped callosity = spade</p>	<p>: Texas, unique:2[]: Known as Boomerang's Texas calf. Might as well name him after his travels.</p>
<p>: Frosting, unique:2[]: for the white scars bordering the combing. Like a frosting border on a cake.</p>	<p>: Den-den, unique:2[]: Japanese pellet drum. Small, round handheld drum, with 2 beads hanging from it. Think Karate Kid 2 (yeah, I said it). https://en.wikipedia.org/wiki/Den-den_daiko</p> <p>: Bungee, unique:2[]: Coaming & islands look like those bungee rides at fairs/parks.</p> <p>: Freefall, unique:2[]: Coaming & islands look like those tower free fall rides at fairs/parks.</p>	<p>: Shark Bite, unique:2[]: 4 PBH callosities look like the lip piercing called shark bites.</p>

3120	3290	3620
: Frosty, unique:2[]: For the white scars around the callosity	: Ace-of-Spades, unique:2[]: All I see is a combing that looks like a long spade.	: Trinity, unique:2[]: For the 3 islands : Triad, unique:2[]: For the 3 islands
: Outline, unique:2[]: The scars look like they are outlining the callosity.	: Spade, unique:2[]: The anterior portion of her combing looks like a spade on playing cards.	: Hopscotch, unique:2[]: alternating islands
: Border, unique:2[]: the coaming on both sides is bordered with white	: Spade, unique:2[]: Top of callosity in photo looks like a spade suit symbol.	: Lone Star, unique:2[]: Boomerang's Texas calf: unique story that he went to Texas and Texas is the Lone Star state.

3120	3290	3620
: Glare, unique:2[]: Scars on either side of callosity look like glare from the sun that sometimes shows up in photos	: Minaret, unique:2[]: The shape at the front of the coaming looks like the top of the tower on a mosque (and the rest of the coaming is the tower!)	
: Trace, unique:2[]: The callosity looks like it is being traced by the scars.	: Proboscis, unique:2[]: islands and coaming looks like the face of a proboscis monkey : Planaria, unique:2[]: the front of the coaming looks like the head of a planaria	
	: Pointer , unique:2[]: Combing and peninsulas look like a giant arrow pointing toward the bonnet : Arrow, unique:2[]: Combing and peninsulas look like a giant arrow pointing toward the bonnet	

3823	3912	3920
: Medusa, unique:2[]: After the gorgon from Greek myth with snakes for hair, all of 3823's linear scarring could be like the serpents.	: Skid, unique:2[]: Her scar near coaming looks like skid marks, and it would be a family name since mother is Pediddle.	: Bunny, unique:2[]: The bonnet resembles a bunny.
: Stormshadow, unique:2[]: The scarring shows the light before the dark, in the shadow of the storm : Snowslide, unique:2[]: For the scarring on the peduncle	: Waxing, unique:2[]: The scar on the right head looks like a waxing moon	: Mr. Potato Head, unique:2[]: Callosity looks like Mr. Potato Head, nose, eyes, and hair
: Breakers , unique:2[]: For the uninterrupted white scarring on the peduncle and both leading edges : Spindrift, unique:2[]: For the uninterrupted white scarring on the peduncle and both leading edges : Froth , unique:2[]: For the uninterrupted white scarring on the peduncle and both leading edges	: Scythe, unique:2[]: For the white scar off coaming : Sickle , unique:2[]: For the white scar off coaming	: Easter , unique:2[]: The bonnet looks like a chocolate Easter bunny : Cottontail , unique:2[]: The bonnet looks like a rabbit : Rabbit , unique:2[]: The bonnet looks like a rabbit
: Lyric, unique:2[]: The solid scarring on the peduncle and flukes heavily resembles a capital letter "Y," and a poetic/musical name pays homage to her mother, Sonnet.	: Half Moon, unique:2[]: Crescent white scar.	: Mr Potato Head, unique:2[]: His callosity pattern really does look like a Mr. Potato Head face

3823	3912	3920
: Artemis, unique:2[]: Zeus daughter. Survived battle. Lots of Scars	: Croissant, unique:2[]: scar of coaming looks like a croissant	: Helmet, unique:2[]: bonnet looks like a skateboard helmet : Squidward, unique:2[]: bonnet looks like distinct nose on Squidward Tentacles from SpongeBob TV show : Mount Crumpit, unique:2[]: bonnet shape over hangs the individual's mouth, looking like Dr. Seuss' Grinch story describing Mount Crumpit
: Edgy, unique:2[]: The scars on fluke and pédoncule highlight it's edges	: Weirwood, unique:2[]: Chin scars are straight out of Game of Thrones: white tree next to a big wall of ice.	: Juggler, unique:2[]: Bonnet + islands look like a person throwing balls in the air. : Easter, unique:2[]: Bonnet = rabbit, islands = eggs
: Tiki, unique:2[]: The scars in front of her blowholes make it look like a tiki mask when her blowholes are open	: Diadem, unique:2[]: The scarring around the coaming look like she is wearing a diadem. : Tiara, unique:2[]: The scarring around the coaming look like she is wearing a tiara.	: Italiano, unique:2[]: The posterior portion of his bonnet looks like the boot of Italy on a map.

3823	3912	3920
<p>: Outline, unique:2[]: tail scarring outlines the tail edges and end of spine</p> <p>: Shadow, unique:2[]: tail scarring outlines the tail edges and end of spine</p> <p>: Skunk Tail, unique:2[]: distinct scarring on end of spine that resembles the white stripe(s) found on skunk tails</p> <p>: Highlight, unique:2[]: tail scarring outlines the tail edges and end of spine</p> <p>: Knight's Mask, unique:2[]: blowholes are the eyes of the mask and the vertical scarring underneath is the mouth area of the mask</p> <p>: Davy Jones, unique:2[]: blowholes are the eyes and the vertical scarring underneath are the tentacles described in the stories of Davy Jones</p>	<p>: Sickle, unique:2[]: The arched scar to the right of her coaming resembles the curved blade of a sickle (hand-held agricultural tool used for harvesting).</p>	<p>: Top Hat, unique:2[]: The extreme length of the bonnet is what makes this whale unique. "Top Hat" is a play on "bonnet," and is a style of hat known for height (like Lincoln's stovepipe top hat).</p>
<p>: Piping, unique:2[]: Contrasting edging on clothing or in cake decorating - for the the scars on head, peduncle & leading edges</p> <p>: Swarm, unique:2[]: White scars on left head by blowhole look like lots of pairs of bug wings</p> <p>: Lacing, unique:2[]: Head scars = shoe lacing or lacing cards that kids use.</p> <p>: Veins, unique:2[]: Scars = like veins in rock/marble</p>	<p>: Cressida, unique:2[]: Her scar near her coaming looks like a crescent moon</p>	<p>: Reach, unique:2[]: Looks like the right bonnet is reaching backwards towards the island</p>
<p>: Divine, unique:2[]: From above, the scars on her peduncle and leading edges of her flukes are in the shape of a divining rod, a y-shaped rod/stick believed to indicate the presence of water.</p>	<p>: Sickle, unique:2[]: Scar on the head</p> <p>: Scythe, unique:2[]: Scar on the head</p>	

3823	3912	3920
<p>: Morgan, unique:2[]: Morgan the Escapist. Known for her 55 Gallon Underwater Challenge in which she escapes from a barrel of icy cold water after being chained, handcuffed and padlocked. Seems this whale has escaped a few entanglements.</p>		
<p>: Crisscross, unique:2[]: Both scars and islands crisscross the head</p>		
<p>: Sundog, unique:2[]: A sundog is a bright spot that appears next to the sun, and is also known as a "mock sun." It looks like a sun, but doesn't actually exist. This lesion is a mock island- it looks like one, but doesn't exist (and is round and bright!). Bonus: the ped and leading edges are blinding, like the sun.</p> <p>: Mirage, unique:2[]: For the lesion that resembles an island.</p> <p>: Muddle, unique:2[]: Kind of a weird one, I know- but whenever I see this callosity I just think of how muddled those islands are now- unclear what the pattern truly is.</p>		

4194	4601	4650
: Popcorn, unique:2[]: The islands that form the bonnet look like popped popcorn.	: Fjord, unique:2[]: Head wound looks similar to a fjord (a long, narrow, deep inlet of the sea between high cliffs)	: Sebastian, unique:2[]: For hanging out and causing a stir for days with mom, Clipper, in the Sebastian Inlet.
: Jigsaw, unique:2[]: Callosity looks like a piece from a jigsaw puzzle : Flower Pot, unique:2[]: Callosity looks like a flower pot	: Cravasse, unique:2[]: Wound on head : Valley, unique:2[]: Wound on head	: Sumo, unique:2[]: Callosity looks like it is in a sumo stance
: Dumbo, unique:2[]: The callosity pattern looks like a cartoon Dumbo blowing bubbles (from the movie) : Elephant, unique:2[]: The callosity pattern looks like an elephant blowing bubbles from the trunk	: Miramichi, unique:2[]: For the wound than looks like a valley. The Miramichi Valley extends into the GoSL (from NB) and 4601 has been seen in the Gulf. : Saguenay, unique:2[]: For the wound that is deep like a valley. The Saguenay is a deep rift valley, and the Saguenay river flows into the St. Lawrence at Tadoussac. 4601 has been seen in the GoSL.	: Inlet , unique:2[]: For swimming up the Sebastian Inlet with Clipper and the toothdecay looks like 2 inlets
: Mintaka, unique:2[]: One of the stars in Orion's Belt. It both references the mid-body flank scar and constellation-like callosity pattern of many small islands, and honours his mother Orion. : Rigel, unique:2[]: The brightest star in the Orion (mother's name) constellation.	: Lawrence, unique:2[]: The distinctive injuries were received and closely documented in the Gulf of St. Lawrence. Perhaps a possessive name will inspire greater public pressure in the area for protection of right whales.	

4194	4601	4650
: Diamond, unique:2[]: Collection of WHite Diamond Callosities on head.	: Divot, unique:2[]: He has a massive divot in his head	
: Pawprint, unique:2[]: each separated callosity is a toe and the centre is the palm = pawprint : Yoshi, unique:2[]: from Super Mario video games, the four separated callosities are the arms and legs and the larger callosity looks like Yoshi's head	: Ouchie, unique:2[]: head wound looks like an ouch : Headstrap, unique:2[]: head wound looks like a strap : Trident, unique:2[]: from side view, the head wound looks like a trident : Why, unique:2[]: side view of head looks like the letter Y	
: Pebbles, unique:2[]: All the small islands : Crowbar, unique:2[]: White scar on right back	: Crevasse, unique:2[]: Deep scar across rostrum : Chasm, unique:2[]: Deep scar across rostrum	

4194	4601	4650
: Shamrock, unique:2[]: Bonnet has four islands surrounding it, which looks like a shamrock or four-leaf clover (Clover already taken as a name).	: Gully , unique:2[]: Head wound looks like a gully (ravine). Also FernGully is a great movie about creatures having to rally together to fight human-caused environmental destruction. 4601 has clearly experienced this first-hand, as seen from its horrific entanglement wounds.	
: Juggler, unique:2[]: All those islands in the bonnet look like balls being juggled. : Pawprint, unique:2[]: The four islands in the bonnet are arranged similar to a pawprint of a dog or cat.	: Headband, unique:2[]: For the wound across its head.	
: Lunar, unique:2[]: Ring of circular callosities looks almost like a diagram of the lunar phase cycle.	: Axe, unique:2[]: For the head wound.	

4194	4601	4650
<p>: Jumble, unique:2[]: For the cluster of islands by the bonnet</p> <p>: Rubble, unique:2[]: For the cluster of islands by the bonnet</p> <p>: Spike, unique:2[]: For the white scar on Right side</p>	<p>: Grand Canyon, unique:2[]: This canyon of a wound is massive, so why not be the Grand Canyon? Much larger than Meridian's comparable wound, for instance. The rope(s) that carved the "canyon" left linear scars on either side, like the Colorado river which carved the geological feature.</p>	
<p>: Sea Level, unique:2[]: Looks like the land is being swamped by water leaving only small patches above water</p> <p>: Flood, unique:2[]: Looks like the land is being swamped by water leaving only small patches above water</p> <p>: Climate Change, unique:2[]: Looks like the land is being swamped by water leaving only small patches above water</p>	<p>: Valley, unique:2[]: Deep cavity in head</p>	
<p>: Lagomorph, unique:2[]: Bonnet looks like the footprint of a rabbit. Lagomorph is the order containing rabbits and hares.</p>	<p>: Splinch, unique:2[]: A term from the Harry Potter series which is when someone is attempting to disappear and reappear but accidentally leaves a part of their body behind.</p>	
<p>: Sticks and Stones, unique:2[]: For the significant linear scar (sticks) and the very independent islands (stones).</p>
